It is with great pleasure that we invite your teams to attend the Fiji International Netball Festival.

The Festival attracts teams from overseas, interstate and locally to play competitive netball games over four days in 13/U, 15/U, 18/U and Open divisions.

In addition to games, the Fiji International Netball Festival encompasses team building activities, meet and greet dinner, Gala dinner, Village visit, Meke and Kava Ceremony, local markets, full island day cruise and more!

Visiting teams from countries like Australia and New Zealand half sponsor local Fijian teams from villages or remote areas of Fiji, making it possible for them to attend. Travelling teams are also encouraged to bring gifts for the Fijian teams, for example, second-hand netball uniforms and so on.

International Netball Festival Inc is proud to bring you this netball competition for netball players around the globe and the community. We are very proud to host this event annually for players from all around the world. We also hold Festivals annually on the beautiful Gold Coast, Australia and in historic Christchurch, New Zealand. The first International Netball Festival was held on the Gold Coast in 2011.
